CHERRYBROOK TECHNOLOGY HIGH SCHOOL

Term 2

Week 3B

13 May 2016

DEPUTY PRINCIPAL'S REPORT

NAPLAN Exams

This week all Year 7 and 9 students completed their NAPLAN (National Assessment Program, Literacy and Numeracy) exams in Reading, Writing, Numeracy, Spelling, Grammar and Punctuation. This test is a diagnostic tool, which gives teachers and parents a snapshot of what their child can and cannot do on the day of the test. As a school we will analyse the results, looking at strengths and weaknesses in particular groups, as well as individual students. This information will be used to put strategies in place for matters which may require attention in the future.

Year 7 Parent/Teacher Interviews

A reminder to parents, the Parent/Teacher Interviews for Year 7 will be held on Tuesday 17 May in the MPC from 4 - 7pm. Parents should have received an email from Mrs Howard, Stage 4 Head Teacher, explaining how to logon to the Parent Portal and book times to see your child's teachers. Parent/Teacher Interviews provide an excellent opportunity for parents and caregivers to meet teachers and discuss individual student's progress and future needs. Students are encouraged to attend and be involved in the discussions.

BOSTES Registration

From 2015, all NSW public schools are required to meet the registration requirements demonstrating system compliance, as specified in the Education Act 1990. The Department of Education is responsible for providing the Board of Studies, Teaching and Education Standards (BOSTES) group with information on its systems and processes, to verify compliance of its schools with registration requirements. Much of this involves schools providing data and information showing the correct implementation of key policies. Each year 20 to 30 schools participate in this sampling process. We have been informed that CTHS will be reviewed this year, meaning staff are busy preparing documents as evidence, in readiness for the BOSTES visit on Thursday 2 June.

Year 12 Reports

Term 2 is a traditionally busy time of year for staff with exams, marking, reports and Parent/Teacher Interviews all in the mix. Parents of Year 12 students will be pleased to hear Year 12 reports will be posted on Friday 20 May, providing valuable information on the progress of their children as they approach the HSC exams.

Year 12 Movie Night

The Year 12 SRC Executive are keen to follow-on from the success of last year's Year 12 Movie Night with their own event. Year 12 students received information this week about the upcoming Movie Night, which will be held on Wednesday 18 May from 6 - 9pm in the MPC. Last year it was a great success and lots of fun was had by all. Entry is \$20, which will cover the cost of food and drink with any remaining money being donated to the fund set up for Tracey Trumper. This was requested by Year 12 as a mark of support for the Trumper family and more specifically, Renee Trumper, a friend and fellow Year 12 student.

Channel Seven Sunrise Team visit CTHS and JPPS

On Tuesday, CTHS and JPPS hosted a visit from the Sunrise Breakfast Show. The gathering of parents and students on the John Purchase PS oval followed-up a story the Sunrise team did last week, in which parents within our school community won a *Love Thy Neighbour* competition. The \$10,000 prize money was graciously donated to Tracey Trumper, to help her fund the medication required for her battle against a rare form of lung cancer called Ros 1 (see last week's *Network* story). The story aired on Sunrise on Wednesday morning and the segment can be viewed via the following link <https://au.tv.yahoo.com/sunrise/video/watch/31571012/love-thy-neighbour-catchup/#page1>. We continue to support Tracey and her three children who attend CTHS. If you feel you would like to donate, a website has been set up by her friends. The link is as follows:

<http://www.sickortreat.org.au/campaign/2028/helping-tracey>

Students gather for the Sunrise Team's visit

Teacher Observation Mentoring Scheme (TOMS)

It is a requirement of every school to provide a high quality Induction Program and support for their beginning teachers as they enter the teaching profession. At CTHS we are quite proud of the support we provide our beginning teachers. A new initiative we are introducing this year to support our current programs, is the Teacher Observation Mentoring Scheme (TOMS).

This week our carefully selected mentor teachers and beginning teachers met to discuss how a mentoring relationship should operate; they unpacked the Professional Teaching Standards and started the Lesson Observation process. Feedback from both mentor and mentee teachers involved on the day was positive. We look forward to our Induction Program, which will provide valuable time for teacher reflection as well as the sharing of ideas between experienced and beginning teachers, enhancing student learning outcomes. A big thank you to Mrs Navarro and Ms Cross for running this important professional development activity.

CTHS Baristas help JPPS Mother's Day Breakfast Event

Mr Hind and a team of our trained student baristas were present at the annual JPPS Mother's Day Breakfast event on Friday 6 May, to help serve coffee and tea. Ron Harropp, the JPPS P&C President, personally thanked the school for providing much of the material for the coffee shop on the morning and of course the students who worked tirelessly to serve coffee to a large group of Mum's and young children. The event raised \$1,915 which was donated to Tracey Trumper's *Sick or Treat* page.

Grade Sport Finals

Last week twelve teams played in the grade sport finals, of which five of these were victorious. A big congratulations to these teams for their efforts and achievements. A more extensive report on the winning teams can be found later in *Network*, written by our Sports Promotion Officers, Emily Jones and Kurt Perry.

Solar Panel Program

Last week traffic outside the school was held up, as a large shipping container was delivered to our main carpark. Inside are the solar panels which will be installed on the rooftops of Blocks A and E. Work on this program is due to get underway on Monday 16 May. The 90kW system will produce substantially more power than our current 8kW system, which will feed directly into the grid and offset our rather large electricity bills. We welcome the addition of the solar panels to our school as it not only provides an opportunity for students to learn about the system as part of their curriculum, but also improves our sustainability credentials across the school.

Congratulations to...

- Nicholas Meliska, Year 8, who has been selected as a member over the Department of Education's *Dance Off Troupe*.

Mr Clements

Solar Panel Positioning

Cherrybrook Technology High School Business Directory

Your child will receive the first edition of the CTHS Business Directory during roll call early next week. The CTHS Business Directory includes advertising from local suppliers to the school as well as businesses run by parents of CTHS students. This is a P&C initiative and proceeds raised from advertisements will be used to fund and support various student programs.

Whilst the CTHS Business Directory is currently 'pocket-sized', it is hoped it will soon grow as more people become involved in future editions. Please ask your child next week for your copy of the CTHS Business Directory, which we hope will be a worthwhile resource. Your support of businesses within this directory will be helping all students at CTHS.

If you would like to place an advertisement in a future edition of the CTHS Business Directory, please email Michael Martin, mwm@bluerock.net.au

Mr Clements

LOST PROPERTY

Please label all your child's property clearly with their **full name**. There is a constant stream of lost property coming through the office that has not been labelled. If your child has lost something, please ask him/her to check the lost property cupboard (located in the hallway near Mr Fisher's office) as well as the front office. Any unnamed, unclaimed lost property will be donated to the clothing pool at the end of term.

Public Speaking

Congratulations to Bertin Huynh who ably represented CTHS at the local final of the Plain English Public Speaking Competition at Normanhurst Boys' High School on Wednesday 4 May. In this competition speakers present an eight minute prepared speech on a topic of their choice and are then challenged with a three minute impromptu speech (and given only three minutes to prepare). The competition is fierce and Bertin is to be congratulated on being chosen to proceed to the Area final for the competition.

In Bertin's words:

"I spoke about the recent Syrian refugee crises for the prepared speech. I looked at the issue through the lens of my father's own search for asylum. I hoped people would see that history is repeating itself and it is essential to our common humanity to help these people. Then for the shorter impromptu speech with the prompt, 'Blurred Lines' I used Robin Thicke's controversial song, 'Blurred Lines' as a platform to talk about problem of rape culture in our society."

We wish him the best of luck in the next round!

Mrs Granziera, Public Speaking Coordinator

Debating News

Congratulations to our Year 9 and 10 Interschool Debating teams who each achieved convincing wins in the first round of the Interschool Debating Competition.

Our Year 9 team, comprised of Jayan Pascoe, Raghav Lall, Daniel Monteiro and Priya Parthasarathy convincingly argued the negative case for the topic *Teachers should be able to search students' bags*, focussing on the importance of privacy and trust in the teacher-student relationship.

Our Year 10 team Rachel Hemsall, Caitlin Preston, Senuwani Perera and Vanshika Gupta were highly persuasive in their contention that *We Should Ban NAPLAN Testing* emphasising the greater value and importance of teacher judgement and assessment.

We look forward to the next rounds of the competition where the topics of Sport and Law will be explored.

Mrs Granziera, Debating Coordinator

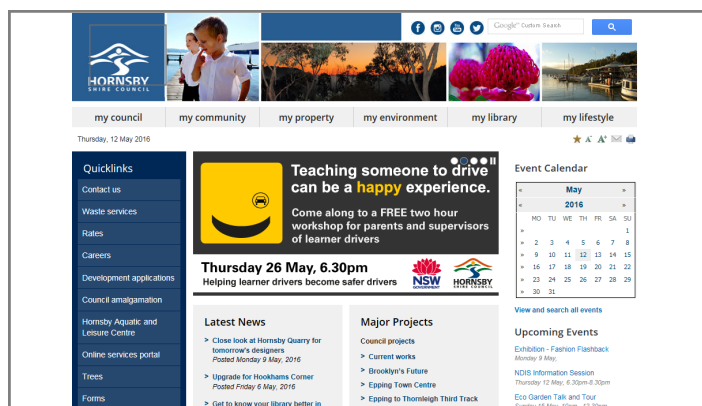

Library (and beyond)

Books and libraries are synonymous. Books can be wondrous, relaxing, challenging and inspirational. Technological change means libraries are now home to more than just traditional, paper books; information comes in a myriad of forms and is available all day long (but get your seven to eight hours of sleep despite the temptations).

When your school library is closed, visit your local library! Make Hornsby Central Library (and/or its branches, Pennant Hills, Galston, Epping and Berowra) a destination for leisure and study and for community information. Are you a member? If not, join and see what services, activities and resources you can access, such as fiction and non-fiction, DVDs, eResources, book club, knitting group, exhibitions and more.

<http://www.hornsby.nsw.gov.au/library/catalogue-and-elibrary/elibrary/online-resources-A-Z#s>

Ms Halder

Japan Trip

Our two-week exchange trip to Japan began on Saturday 9 April at Sydney International Airport. For most of us, this would be our first time in Japan and to say we were excited was an understatement.

It was hard to accept that we finally arrived and I couldn't believe I was in Japan until my attempt to connect to free Wi-Fi that led me to a page I could barely understand.

The first few days of sightseeing were spent in Kyoto and Osaka, where we visited shrines, temples, castles and the Floating Garden Observatory and participated in traditional activities such as dyeing Yuzen handkerchiefs and making Japanese sweets. We spent one day at Universal Studios going on various rides and shopped during our free time.

On arrival... we forgot all the Japanese we ever learnt but despite that, Nagoya Commercial High School was definitely the highlight of the trip. It was a place where we joined in classes, experienced a Japanese Tea Ceremony and spent time with our host families. We made many new friends in Nagoya and hope to see them again one day.

The trip to Tokyo was long but entertaining as our one night's stay at Hakone led to us wearing Yukata (traditional clothing) and going in an Onsen (hot spring bath). We visited Mt Komagatake by cable car, went on a Lake Ashi cruise and finally got to see Mt Fuji at the fifth station. Much better than sticking our faces on the bus window.

Days at Tokyo were filled with shopping, sightseeing and more shopping. The shops at Tokyo must have had amazing business during those two days. We sang karaoke in Nakamise, visited Akihaara and the Tokyo Skytree where we played a bad game of I-Spy.

After such an amazing experience in Japan we were all very sad to leave it behind. We made many friends during the exchange trip - both in Nagoya and within the group. Thank you to all the teachers, both in CTHS and in Nagoya who organised it and our parents for paying and letting us go for giving us a chance to experience something so great. It is definitely something that we will never forget.

We'll be back one day, Japan!

Bernice Tang, Year 10

“Kale, Quinoa and Roasted Beet salad with marinated Feta”

- As a super Food Meal

-Ashleigh Debba, Ashleigh Robertson, Alex Watts & Chantrice Graaff

Health Benefits

Quinoa

Quinoa is a seed introduced in Peru from the Chenopodium quinoa- a tall crop plant. Quinoa is a highly nutritious seed that contains iron, B-vitamins, magnesium, phosphorus, potassium, calcium, vitamin E and fibre. The seed contains complete protein which is comprised of all essential amino acids for nutritive value. Additionally, the seed decreases the risk of cardiovascular disease, high blood pressure, type 2

diabetes, colon cancer and obesity. Overall quinoa is an essential super food as it provides an individual with health benefits making it a staple ingredient which should be consumed more regularly.

Kale

Kale has become one of the new 'trendy' foods to be eaten as it has many health benefits. Kale is one of the most nutrient dense foods that have been found so far. By eating 67 grams of kale you are getting Vitamin A, Vitamin K, Vitamin C, Vitamin B6, Manganese, Calcium, Copper, Potassium and Magnesium, and this comes to a total of 33 calories, 6 grams of carbs and 3 grams of protein. Within Kale there is no saturated fat,

and most of the fat found within Kale is omega- fatty acids. Kale contains bile acids sequestrants which lower cholesterol levels, and over time should reduce the risk of heart disease. There have been suggestions that kale contains compounds that are believed to have protective effects against cancer, therefore lowering your risk of getting cancer. This is still to be scientifically proven but the compounds found within kale are those that are used to fight cancer in test tubes. The reason people find kale a 'trendy' food is that it can help you lose weight. As it is low in calories and once eaten gives

you a feeling of fullness or satiety. Because of the low calorie and high water content, kale has a low energy density, therefore people who don't exercise won't gain weight as their energy intake would be lower than their energy expenditure.

Beetroot

Fresh Beetroot as an ingredient is very beneficial to your health, even when baked, such as in this recipe. Though they contain a descent amount of carbohydrates it has a high nutritional value, as it is

high in immune boosting vitamin C, but also in minerals such as potassium, which is used for health nerve and muscle functioning and magnesium, being good for your bones, liver, kidneys and pancreas. It is also rich in fibre acting as detoxification support, which has a positive effect on bowel functions, and assist in preventing constipation. Not only does it have health benefits it also has a flavour and colour meaning that there are lots of antioxidants that work well with the other ingredients. Therefore, beets are a valuable component of this super food meal.

Modifications

Most who tried the salad said that it was slightly bland in flavour and could be improved on by adding more feta to the recipe in order to give a slightly saltier and savoury taste, while still being a healthy option. After taste testing other comments included that it was a little too dry and could be improved with more dressing which would also add to the flavour of the dish. Other recommendations included less onion and kale as they both have a uniquely overpowering taste. Smaller portions and cuts of beetroot would also improve the salad as it will allow bite size pieces with the rest of the salad ingredients. Overall the salad, after being taste tested commented it as being a healthy option which still tasted good, but with these improvements would be an even better salad.

Kale, quinoa and roasted beet

salad with marinated feta

0:20 To prep 0:35 To cook 12 Ingredients EASY Difficulty 4 Servings Average (10)

Method

1. Preheat oven to 200°C or 180°C fan forced. Line a large baking tray with baking paper. Place the carrots, beetroot and on prepared tray, spray with olive oil. Roast for 35-40 minutes or until vegetables are golden and tender.
2. Meanwhile, place quinoa and 500ml (2 cups) water in a medium saucepan, bring to the boil. Reduce heat to low, cover and simmer for 12-15 minutes, or until water has evaporated and quinoa is al dente. Stir through kale until just wilted.
3. Transfer quinoa to a large bowl. Add the roasted vegetables and pine nuts. Whisk the oil, vinegar, orange juice and honey together in a small bowl. Add to quinoa and stir until well combined. Season to taste with salt and freshly ground black pepper.
4. Serve topped with the crumbled marinated feta.

taste.com.au

Taste.com.au - September 2013
Recipe by Chrissy Freer

- 16 (about 350g) dutch carrots, trimmed, peeled, halved lengthwise if large
- 12 (about 300g) baby beetroot, trimmed, peeled, halved (or quartered if large)
- 2 red onion, peeled, cut into thin wedges
- 190g (1 cup) quinoa, rinsed, drained
- 150g kale, trimmed, leaves shredded
- 2 tablespoons pine nuts, lightly toasted
- 1 tablespoon olive oil
- 1 tablespoon white balsamic vinegar
- 1 1/2 tablespoons orange juice
- 1 teaspoon honey
- 60g marinated feta in oil, drained, crumbled
- SAXA Pink Himalayan Salt Flakes, to season

2016 Hawkesbury Student Art Prize

This year the Visual Arts students of Cherrybrook Technology High School have excelled in the professional art world through prolific art competition entries and winning numerous art prizes. During April several students were selected to exhibit in the 2016 Hawkesbury Student Art Prize, with this year's theme of *Colour* and were also given the opportunity to sell their artworks.

The competition was sponsored by the Sydney Art School and Local Business. Congratulations to Claire Paul, Year 10 who, on Tuesday 5 April, was awarded First Prize in her division winning \$150 with her fantastically detailed painting titled *Morning Call*. Congratulations also to Marsha Okuneva, Year 12, who was also successful in this competition receiving Highly Commended for her painting titled *Distance*.

Congratulations to the following students who also successfully exhibited in the 2016 Hawkesbury Student Art Prize:

Amy Hill - *True Colours*
Chaluni Ranaweera - *Moon Princess*
Jade Hsu - *Deers*
Lara D'Orria - *She Has the Colour*
Chamila Lorensu Hewa - *Cheeky Monkey*
Charvi Penatiana Withanage - *Mal Goddess*
Chiara Strilakos - *Exotica*
Natalie Wong - *The First Fish*
Yvonne Huang - *Hope*

Claire Paul & her Winning Art Work

Another fantastic result by Cherrybrook's talented Visual Arts students

Mrs Key, Visual Arts Teacher

Marsha Okuneva & her Highly Commended Art Work

Year 12 Work Studies Classroom Visit

Dwayne Goodman, Senior Manager Catering and Licensee of Sydney Olympic Park visited Year 12 work studies on Wednesday 11 May. Dwayne visited the school to share his experiences and knowledge gained through the workplace.

Dwayne, a past student of CTHS, was motivated from an early age to be a chef and specifically an executive chef by the time he was 30. He shared his highly successful career with us and the fame he encountered on the way. Today he works at Sydney Showground where he oversees all event planning for events such as Stereosonic, Midnight Mafia, Iron Maiden and many more.

Many inspiring lessons were learnt by our students including:

"In the work place everything doesn't go your way, you have to start from the bottom to get to the top." (Tom)

"I learnt that different generations look at the workplace in different ways. An employer has to use the skills wisely within the company or they may leave." (Lucas)

"If you really want to climb the ladder you have to be willing to learn different skill sets." (Connor)

"People are motivated differently, they like to work in different ways. The employer needs to look for different ways to motivate these people to get them to work harder and keep them in the business." (Keegan)

"It's challenging being at the top, it's not all about the rewards. Firing people was one of the hardest things Dwayne had to do particularly when they hadn't done anything wrong. It's just that the business has to make them redundant." (Tayla-Lee)

"Being a manager at a young age can be difficult because you may not have the life experiences and knowledge that an older employer would have in difficult situations." (Oscar)

"Dwayne talked about how you can do different things to what you want to do to gain knowledge and experiences and then work your way to where you want to be. For example if you want to be in the music industry you can start as a bouncer and get to know the people around you, start talking and ask questions." (Jack)

"If you want to succeed you need to be confident and stand out." (Kaylie)

"I liked the man's gusto, it's obvious he's a real go-getter." (Keegan)

Some excellent questions were responded to with informative answers and great advice. The class found Dwayne Goodman's management abilities to be quite impressive. One lesson the class took away was the importance of owning up to your own mistakes.

The work studies class thoroughly enjoyed having Dwayne visit their class and for his delivery of inspirational and motivational words. As a collective group, 12WST would like to thank Mrs Navarro for organising this speaker and say how much they appreciated Dwayne's contribution to their classroom.

Connor McLellan and Year 12 Work Studies

PROCEDURE FOR SICK STUDENTS

Students who are sick during class should see a teacher for written permission to go to sick bay. They must present themselves promptly to the **front office** and politely follow instructions from the office staff, who will then contact a parent/guardian when necessary. Sick bay is used for a short time only. Students should not call their parents in the first instance. ***Please be advised the school does not supply any medication, including pain killers, medicated creams, eye drops etc.***

CAREERS UPDATE

Finding Balance During Year 12

<http://www.vicsrc.org.au/news/vicsrcvoices-finding-the-balance>

Western Sydney University, Free HSC Study Sessions

Are your Year 12 students looking for opportunities to boost their HSC results? Western Sydney University is offering free HSC Study Sessions for students in Year 12 in the upcoming 2016 July school holidays, at the Parramatta, Campbelltown and Bankstown campuses. These sessions have been developed to help students maximise their academic performance during their HSC year. Facilitated by leading HSC teachers, HSC markers and the University's academic staff, these sessions will allow students to review mandatory syllabus content, receive concise explanations and workshop resources, participate in discussions and question time, and learn examination techniques and preparation skills.

Study Sessions will include Standard and Advanced English (including Area of Study 'Discovery'), General Mathematics, 2 Unit Mathematics, Biology, Chemistry, Physics, Business Studies, Legal Studies, and PDHPE.

A free shuttle bus service will run between the campuses and selected railway stations on the days of the sessions. Students will also be given a complimentary lunch.

WESTERN SYDNEY
UNIVERSITY

**FREE HSC
STUDY SESSIONS**

Registrations are now open and places are filling up fast! To secure a place, students must register individually at:

http://www.westernsydney.edu.au/hsc_study_sessions/hsc_study_sessions or 1800 222 423 or thecollege@westernsydney.edu.au

Fresh Science at UNSW 2016, Tuesday 26 July

Students and teachers are invited to hear the State's brightest new researchers talk about their research, results and discoveries. Two free, one-hour forums will be held on-campus where five researchers will each make a five minute presentation, which will be followed by questions. The forum will be combined with science activities and tours of the campus hosted by UNSW Science. Interested senior students should see a Careers Adviser. To register, go to:

<https://www.science.unsw.edu.au/events/fresh-science-unsw-2016> (places are limited).

Session times are as follows:

- Session A: 10.00am - 12.15pm
- Session B: 10.15am - 12.30pm

Year 10 Information Evening

The University of Sydney Information Evenings are designed to help Year 10 students and their parents, understand the transition from high school to university. The 2016 Year 10 Information Evenings will be held as follows:

- Monday 16 May, Wednesday 18 May and Monday 23 May, on-campus
- Tuesday 24 May, at James Ruse Agricultural High School

For more details and to register, visit:

<http://sydney.edu.au/study/admissions/events-for-future-students/year-10-information-evening.html>

CSU Bachelor of Dental Science New Admissions Process

Charles Sturt University's Bachelor of Dental Science has a new admissions process. Domestic applicants will be required to sit UMAT. Students will be selected for interview based on their UMAT score, with applicants selected for offer based on a combination of UMAT score and interview. For more information, visit:

<http://www.csu.edu.au/courses/dental-science>

**Curious about
medical discoveries?**

Bachelor of Dental Science

CSU Bachelor of Nursing

Charles Sturt University's Bachelor of Nursing is a contemporary course developed in close association with industry. Commencing in 2017, CSU's Bachelor of Nursing will be accepting applications for online study. For more information, visit:

<http://www.csu.edu.au/courses/bachelor-of-nursing>

Win a trip to Explore Science Course Options at the University of Tasmania

You and a parent/guardian could win an all-expenses paid weekend to Hobart during the internationally renowned Dark Mofo Festival and explore the unique learning environments available for the study of science at the University of Tasmania. If you're in Year 11 or 12 and interested in science, enter now for a chance to win a fun-filled weekend in Tasmania.

Mrs Ferguson and Mrs Bower

WEEKLY SPORTS REPORT

Lucy Schilling Shield

Congratulations to the A grade boys' basketball team who won the Lucy Schilling Shield last week. Mrs Schilling was a wonderful teacher at Cherrybrook Technology High School, who dedicated a lot of time to boys' basketball teams and school sport. She tragically passed away and in her honour the CTHS basketball courts and the open boys' Basketball Shield was named after her. This past season marks the first time the CTHS open boys' basketball team has been able to bring the shield home and it will remain a very special day in CTHS sport.

Congratulations to our twelve grade sport teams who have qualified for the Zone Grand Final.

The following teams won their Grand Final:

- Open boys' A basketball
- 9 and 10 boys' basketball
- Soccer 7's 15 B
- Futsal open B
- Futsal 15's A
- Futsal 15's B

Grade Sport and Intra Sport Trials

The winter grade sport and intra sport trials will be held next week. Grade sport commences in Week 5 with the boys' teams playing Turramurra away. A reminder to all Year 9 - 11 students to pay their sport fees and choose a winter sport ASAP!

Zone Cross Country

The Zone Cross Country will be held on Tuesday 17 May, with the bus leaving school at 8.30am sharp! If you are travelling with your parents to this event, please notify Mr Vaux ASAP so our departure is not delayed.

A reminder to students participating in the Zone Cross Country the importance of running your best and **DO NOT RUN WITH YOUR FRIEND AND FINISH LAST!**

CTHS Athletics Carnival

The CTHS Athletics Carnival will take place on Wednesday 25 May for most events and Thursday 26 May for the remainder of events (weather permitting). The best athletes will then go on to represent the school at the Zone Athletics Carnival on Wednesday 15 June (Week 8).

Over the last few weeks we had many teams competing in the State Knockout Competitions. Below are the results:

- Girls' open netball won against Killarney Heights HS 59-31
- Under 15's boys' soccer lost against Pacific Hills Christian College
- Under 15's girls' soccer lost against Muirfield High School
- Open boys' baseball lost against The Forest High School

Congratulations to the following students for their participation in CHS Swimming Carnival:

- Laura Boll, Anjana Kodithuwakku, Andrew Koh and Charles Marais
- Charles was Sydney North 14 Age Champion and finished third in the 100 metres backstroke, and second in the 200 metres backstroke. Charles has qualified for the National Championship in Darwin in September, representing NSW.

Kurt Perry and Emily Jones, Sports Promotion Officers

Australian Bureau of Statistics
Field Officers Required

To whom it may concern

The Census of Population and Housing is occurring this year on Tuesday 9 August 2016.

The Census provides important information about the Australian population. The data it produces is used to support funding decisions for services and infrastructure including housing, transport, education, industry, hospitals and the environment.

The Australian Bureau of Statistics (ABS) is looking to recruit Field Officers in the Hornsby, Ku-ring-gai, Hills and Dural regions.

Experience has shown that hiring local members of the community provides the best results for the ABS and positively influences the way the Census is carried out in the area.

Please find below a link to further information regarding these positions:

<https://abs.nqa.net.au/cp/index.cfm?event=jobs.jati&returnToEvent=jobs.home&jobID=DADDFCB0-F233-404D-BBD0-A5E600CA4A27&audienceTypeCode=EXT&UseAudienceTypeLanguage=1>

PROCEDURE FOR EARLY LEAVERS

If a student needs to leave school early, they **must** provide a note from their parent/guardian giving reasons for their partial absence. **The student must hand the note in at the student window before 8:30am** where they will be issued with a leave pass. They can then present this pass to their teacher and leave school at the appropriate time.

On Thursdays (sport days) all students in Years 9-11 must have their early leave notes signed by a member of the PE staff before presenting to the office.
