

DEPUTY PRINCIPAL'S REPORT

Mental Health Conference 2017

I was very fortunate to be able to attend the Propsych Conference for two days at the end of May. As always, a wide variety of quality speakers presented talks on issues being faced by adolescents. These included, non-suicidal self-injury, the issue of screen addiction, why pornography is an issue for schools and school prevention programs for eating disorders. We were presented with some confronting statistics regarding the mental health of our young people. Almost one in seven young people (aged 4 to 17) were assessed as having a mental disorder last year. Less than half of people living with mental health issues access treatment each year, with untreated mental illness incurring major personal suffering and economic costs.

Evidence suggests that three in four adult mental health conditions emerge by the age of 24 and half by the age of 14. Mental health disorders are an important factor in limiting economic and social participation and it has been argued that improving mental health can reduce unemployment and welfare dependency.

I have shared many of the papers obtained at the Conference with the Welfare team. We will be organising a Stress, Anxiety and Coping session for all Year 11 students in the near future, to help them become more aware of how to maintain balance in their life and study. This session will focus on some basic cognitive and relaxation strategies which can be implemented.

New School Leaders Selection Underway

On Tuesday afternoon the first stage of the Senior School Leaders' Selection began with a team of students, parents and staff reading and discussing a large number of quality resumés in an effort to select the eighteen students who will move on to the final stage of the selection process. This will involve giving a prepared speech and answering a range of unseen questions.

My thanks are extended to Mrs Helen Wrench from the P&C, our past school captain Seyon Sanchayan as the Alumni representative and our current School Leaders, who provided thoughtful and insightful views during the course of the selection process, which really added to the occasion.

Year 12 High Achievers' Morning Tea

On Thursday, Year 12 High Achievers assembled for a morning tea with the Senior Executive, Year Advisers and Stage Head Teacher, in recognition and celebration of their outstanding results from the AP3 examinations. It was a chance to chat and reflect on the strategies and hard work completed by these students thus far and an opportunity to discover their dreams and aspirations.

The students, as always, were appreciative of the recognition, although they were acutely aware this is merely another step towards their goal of the HSC. Congratulations are extended to, not only the 23 students listed below, but also the countless others whose reports indicated they were working extremely hard and achieving at a very high level.

Manash Chowdhury, Victoria Davidov, Sanjeev Desai, Olivia Gupta, Laura Heinrichson, Candice Jackson, Julian Jee, Brinda Kumar, Mai Le, Dillon McGrath, Hansika Muthukuda, Amelia Norris, Lisa Ostman, Yasheeka Patel, Nina Qiu, Andrew Quattrocchi, Harry Sedha, Tiernan Thorne, Danielle Visser, Lottie Wills, Natalie Windsor, Terrence Wong and Sophie Zheng (absent from photo, Julian Jee, Mai Le, Sophie Zheng and Natalie Windsor).

Volunteers' Lunch

As usual another fantastic lunch! The volunteers were treated this year to a Japanese theme beautifully styled by the canteen staff. The food was expertly prepared under the guidance of Mr Fisher and Mrs Goykovic, with the Year 11 and 12 Hospitality students outdoing themselves. Parents were very impressed with the balance of flavours in the pumpkin soup, the tasty oven baked salmon, chicken skewers and the delicious chocolate pudding.

Thank you to all involved for making this one of the standout events of the calendar.

Environmental Assembly

The Environmental Representatives, Emily Shakespear and Andy Lee, hosted an outstanding Assembly. The clear message being we all need to be concerned for the planet's future and do our bit to help prevent further changes to the planet. The guest speaker, Ross Rapmund, told the Assembly of his work as the Nursery Coordinator for Hornsby Shire Council. He is primarily concerned with ensuring the native species in the area are propagated and returned to residents, ensuring they can continue to thrive. He has given approximately 2,000 plants to CTHS since 2010 as part of a larger 15,000 plants distributed to schools in our area.

Parent/Teacher Nights

On Tuesday of this week, the MPC was crowded with parents and students from Years 8 and 11, as parents met teachers to discuss their child's progress. Year 11 reports were distributed on the night, with reports not collected being mailed to families. Thank you to the Stage 4 and Stage 6 Head Teachers and the Year Advisers, for their organisation of this important event.

The Year 7 Parent/Teacher Night will be held next Tuesday 13 June from 4-7pm. At the conclusion of this event, a Sleep Seminar will be presented by Dr Carmel Harrington for all parents to attend. This will start at 7pm in C2.1. This event has been organised to recognise the importance of good sleep patterns in the overall wellbeing of our students. We encourage parents to attend and gain some tips on how to encourage good sleeping habits in their children.

cths@cths.nsw.edu.au

P&C Meeting

The P&C meeting was very well attended on Tuesday night. Everyone was interested in the TAS presentation given by Mr Kennedy and Mr Kerr, who demonstrated 3D modelling plus the CNC Mill. Mr Johnson and Mr Phillips then raced the F1 cars, with Mr Johnson winning as Mr Phillips' car unfortunately crashed.

Mr Johnson also presented a talk on scaling. This often misunderstood subject was clarified for many parents. The main message given was to choose subjects you enjoy and are good at, as by choosing subjects which 'scale well' does not ensure success. Selecting subjects by this indicator often means students choose topics they are not interested in and, therefore, do poorly as a result.

Trivia Night Reminder

A reminder students, families and friends of the CTHS community are invited to a fun-filled night of trivia on Friday 16 June, with all money raised going to support our sister school in Cambodia. Please book a table and come along for an excellent night.

Regional Cross Country

The Regional Cross Country Carnival has been postponed until Tuesday 20 June 2017.

Congratulations to...

- Shannon Wright, Year 9, who has been selected as a member of the NSW All Schools Australian Rules Football Team
- Kaylee Kua, Year 7, who has been selected to represent Australia at the Rhythmic Gymnastics Singapore Open.

Mrs Bevan

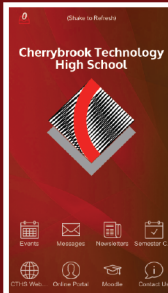

Building Project

PROCEDURE FOR EARLY LEAVERS

If a student needs to leave school early, they **must** provide a note from their parent/guardian giving reasons for their partial absence. **The student must hand the note in at the student window before 8.30am** where they will be issued with a leave pass. They can then present this pass to their teacher and leave school at the appropriate time.

On Thursdays (sport days) all students in Years 9-11 must have their early leave notes signed by a member of the PE staff before presenting to the office.

Cherrybrook Technology High School App
Go to the App Store or Google Play and search for "Cherrybrook Technology High School" to download the free app. This will provide you with school information, dates of upcoming events and more. By enabling push notifications you will receive important messages instantly.

University of Sydney Talented Student Program Showcase - *Life or Death*

I recently had the pleasure of attending the University of Sydney Talented Student Program Showcase to see presentations by Dominik Strbik and other selected University of Sydney first year Science students.

The Talented Student Program is an invitation-only program for Sydney University Science students and includes a group project in the first year of study, which is showcased and assessed at the annual TSP Showcase event. Dominik, who graduated from CTHS in 2016, was selected to participate in the Program as a result of his outstanding ATAR.

This year's Showcase focused on *Life or Death* and fifteen research groups were given a topic at the beginning of the semester to investigate. The topics were diverse and required a range of investigative techniques from hands-on laboratory research (eg assessing the number of organisms exhibiting fluorescence) to literature reviews and analysis of data. *Euthanasia*, the research topic investigated by Dominik and his group, involved interviews and data analysis.

The students were extremely articulate and the depth of knowledge on their research topics was impressive. I am honoured Dominik invited me to attend this evening and delighted to see him challenging himself in the field of Science research.

Ms Howard, HT Stage 4

Sydney Eisteddfod 2017, The Concourse, Chatswood

Robert Oetomo (Percussion) and Robert van Gend (Strings) had one common objective when they entered their respective Ensembles for participation in the Sydney Eisteddfod. Both Directors aspired to provide our students with a range of performance opportunities, which would enrich and extend their musicality.

Percussion Ensemble - 3 June 2017

The Percussion Ensemble made an impressive debut in this year's Sydney Eisteddfod. Receiving a score of 85/100, the adjudicators were full of praise for this young, but enthusiastic group of students from Years 7 to 9. Their interpretation of *Danger Line* was voted the best version by its composer, Catherine Hall. She commented that the Cherrybrook performance was "clean, neat and powerful with a lot of contrasting sections." The Percussion Ensemble's dynamic Director, Mr Oetomo, who created the choreography, was extremely proud of the students' efforts and dedication.

String Ensemble - 1 June 2017

The CTHS String Ensemble, who competed in Division A of the Secondary School Premium String Ensemble, has made remarkable improvements in their standards of performance. As the only non-private school, the students were pitted against some of the best String Orchestras in the state. According to their inspiring Director, Mr van Gend, the music was of a highly challenging nature and the most difficult the students have encountered so far. Students not only looked stunning in their winter school uniforms, but more importantly, they worked cohesively as a team.

Congratulations to the String and Percussion Ensembles for their involvement in such a successful and educational experience, which will be treasured for many years to come. A huge thank you to both Directors, who passionately mentor and are a constant encouragement to these students.

Mrs Lee
Music Ensembles Supervisor

National Gonski Week - Save Gonski

The Australian Education Union and the New South Wales Teachers Federation, acting as advocates for public education, are asking teachers and community members to take part in the current schools funding debate.

[The Gonski Review](#) was the most comprehensive investigation of the way our schools are funded in almost 40 years.

Headed by respected businessperson David Gonski, it found that too many children were being denied the education they needed due to a lack of resources.

The idea was to create a system where a student's success at school would be determined by their ability, application and willingness to work hard rather than where they lived, what their family background was or whether they were indigenous or had a disability.

Legislation to undo the National Education Reform Agreement (a.k.a. the Gonski agreement) is currently before Federal Parliament, and is expected to reach the senate sometime in the next couple of weeks.

If these changes pass through the senate, then NSW public schools will lose \$846 million in needs-based funding in 2018/19, and billions more over the next decade.

The following table highlights the effect repealing the legislation could have on Cherrybrook Technology High. This estimate was calculated using figures from the NSW Department of Education:

	Cherrybrook Technology High School
2018 & 2019 Agreed Commonwealth funding share of the NSW Gonski agreement (current legislation):	\$1,520,995
If the proposed Turnbull legislation is passed:	-\$1,011,043

The Gonski campaign is asking community members to join the campaign by urgently contacting local federal members of parliament and voicing their concerns about the proposed changes.

The Federal Member for Berowra is Mr Julian Lesser: Julian.Leeser.MP@aph.gov.au

More information can be found at <http://www.igiveagonski.com.au/>

Year 7 Parent/Teacher Night Tuesday 13 June 2017 4pm - 7pm MPC

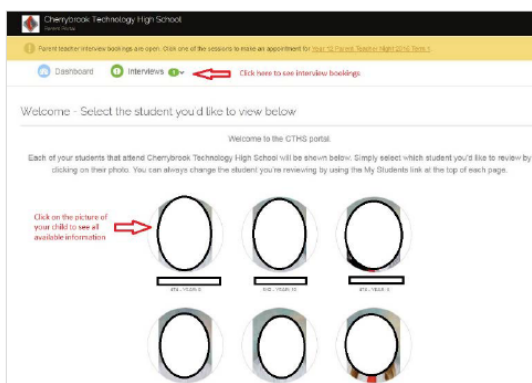

Bookings can be made via the CTHS Parent Portal
<http://web1.cherrybrok-h.schools.nsw.edu.au/portal/login>
from 9am, Monday 5 June until 5pm, Sunday 11 June 2017.

Your **User Name** will be the family email address nominated in the school's enrolment data.

Your **Password** was created by you when you created the account. There is a reset password function on the login screen if you have forgotten.

It is not necessary to re-enter a family key, the link to your child/children will continue from the time the account was first created.

Once logged in, click on the notice about the upcoming interview session or click on the picture of your child, then click on the large word '**Dashboard**' to access your child's information.

Select the available time for each of your child's teachers. Please print and/or email a copy of your appointments when prompted.

Please remember to take a copy of the bookings and bring this with you to the night as it is not possible to provide you with this information once you arrive at the venue.

CAREERS UPDATE

Western Sydney Careers Expo

This excursion will be held on Thursday 22 June for Year 12 and Friday 23 June for Year 10 students. This is a fantastic place for students to compare all post-school study options which are available to them.

Permission notes have been emailed to you, included in this *Network* and also available via the following link <http://cths.nsw.edu.au/curriculum/careers/>. Please note: Completed permission notes, with payment, **MUST** be handed in to the student window by **Tuesday 13 June**. Due to a new finance system, late payments **WILL NOT** be accepted. The entry price also includes a return visit for you and your son/daughter.

Morrisby Career Assessment Program

Twice a year, the Morrisby Career Assessment Program is delivered at CTHS. It is a very valuable tool in assisting students to determine their most suitable career direction. The report focusses on career interests, abilities and some aspects of personality. A sample report can be viewed at <https://www.careeranalysts.com.au/morrisby-report>

Information and permission notes are included in this *Network* and available via the following link <http://cths.nsw.edu.au/curriculum/careers/>. Please return the completed permission note, with payment, to the student window by **1pm, Monday 24 July**. **Late applications WILL NOT be accepted.**

CHERRYBROOK TECHNOLOGY HIGH SCHOOL

EXCURSION INFORMATION ATTENDANCE PERMISSION FORM

Activity **YEAR 10 CAREERS – WESTERN SYDNEY CAREERS EXPO**

Date: Friday 23rd June, 2017 **Time:** 8.30am – 12.40pm **Dress:** Full school uniform

Purpose: Students can access career information from universities, TAFE colleges, employers, career counsellors, organisations with apprenticeship information, providers of study skills programs, HSC resources and lecture programs, international exchange and gap year programs. There will also be seminars on topics including tertiary courses, employment options, HSC subjects, career, study and gap year advice.

Transport: Students will meet at the basketball court at **8:30am** instead of going to roll call. They will travel by bus to the Sydney Showground, Sydney Olympic Park supervised by Mrs Bower, Mrs Ferguson and other CTHS staff. Whilst at the expo students have the option of attending one seminar. (Program will be issued at the entrance). Students will leave the market at 12 noon and arrive back at CTHS at approximately 12.40pm for lunch. **Lunch orders must be made at the canteen before school** and collected on their return. Students will need to bring books for periods 5 and 6.

Cost: \$15 per student includes bus and entry fee

NOTE: Personal information about students may be collected by presenters and will be used for educational and statistical purposes only. Students may be photographed at the expo for publicity purposes only and by an expo attendant or school teacher.
Students with diagnosed anaphylaxis must carry their epi-pen and 2017 ASCIA anaphylaxis plan during this excursion in order to attend.

For students to be released from school to attend this activity parents are required to complete the permission note below and return it with \$15 to the student window. Final date for receipt of permission notes and payment is **Tuesday 13 June**.

5 Jun 2017

Dear Parents/Guardians

Morrisby Career Assessment Program for CTHS Students

In order to support students in their important career decisions, Cherrybrook Technology High School has chosen to implement a comprehensive career assessment program called The Morrisby Report. The Report focuses on career interests, abilities and some aspects of personality.

The intention is to provide an objective assessment of your son/daughter's strengths (to be viewed alongside their attainment at school). The results should prove helpful in understanding the direction of your son/daughter's talents and in making subject, course and eventually, career decisions. The Morrisby Report is well established, well researched and is used by many schools in NSW, Victoria and the UK. We are pleased to be able to offer it to our students.

The program involves three stages:

1. **A career interest questionnaire** which asks students about their work preferences, the subjects they are studying plus their attitudes to further study. This will be completed prior to the testing day and students will be given a copy when they pay at the Student Window.
2. **A test during school time** (approximately 3.5 hours with a ten minute break) which involves a series of 12 paper and pencil tests designed to build up a picture of individual strengths and abilities. The tests are not like an examination and do not require any special preparation. This will take place on **Monday 31 July from 9:30am – 2pm** in the MPC.
3. Following the testing program, a **20 page personal report** describing the student's results will be compiled and given to students at the **Student & Parent Information Evening**. This evening provides the opportunity to hear more about the Morrisby Report and reflect upon any implications for your son/daughter's decision making. This will take place on **Tuesday 22 August** from 7pm-8pm in C2.1. A personal website login is provided to enable students to further research the 12 career suggestions made in their report. Students should visit the Career Analysts website (www.careeranalysts.com.au) before the test to familiarise themselves with the style of the tests.

This program is being offered to students at a highly competitive cost of \$100. Your son/daughter's Morrisby Report will be a valuable resource in careers interviews and careers decision making over the HSC years. For further information and to view a sample report visit <http://www.careeranalysts.com.au/morrisby.html>

If you are happy for your son/daughter to participate in this Careers Assessment Program please complete the permission note below and pay \$100 to the student window by 1pm on **Monday 24 July 2017**. If you have any questions please contact Melinda Bower, Careers Adviser, on 9484 2144.

Yours faithfully,

Gary Johnson
Principal

Melinda Bower
Careers Adviser
