

DEPUTY PRINCIPAL'S REPORT

Staff Development Afternoon

The second Staff Development Day was held on Monday afternoon of this week. The focus for this afternoon was a presentation by Dr Jarrod Cooney Horvarth, Educational Neuroscientist from Melbourne Graduate School of Education, University of Melbourne. His presentation was on *Explicit Teaching* and *Best Practice* conducted over Microsoft Teams. The presentation was thought provoking, very informative and provided specific practical methods for our teachers to implement into their classrooms. Teachers were also able to hone their skills using Canvas to provide a more interactive platform in the classroom for students to engage in their learning.

Tokstori Bilong COVID-19 Celebration and Project WaSH-W Launch

This week we witnessed the launch of Project WaSH-W, as part of the Tokstori Bilong COVID-19, Stories from Papua New Guinea and Australia partnership. This project is based on clean water and sanitation, which is one of the seventeen Global Goals officially known as the *Sustainable Development Goals*. The project will allow students to use specific design thinking principles to come up with solutions to support clean water, sanitation, hygiene and wellbeing in our local area. Our students will be working with students from Sogari National High School in Papua New Guinea across an online platform to develop a prototype to satisfy the design brief. Project WaSH-W will be split up into four sections each focusing on a specific area of the design process. The four areas the project will be based on are:

- Empathy: Students will focus on understanding the challenges around the project and become more scientifically focused
- Definition: Students will complete a map of the school communities to identify where the biggest challenges are
- Ideation: Focuses on the generation of possible ideas to create a solution
- Prototype and testing: Students will build their prototype to see if it works.

United Nations 2020 and Beyond

The United Nations is celebrating its 75th Anniversary this year. As part of this celebration the UN has launched a thoughtful online survey asking individuals for their views on priorities for the future. Considering the world has been turned upside down this year, this may be something you or your family wish to participate in. The online survey will be used to inform the United Nations on the global priorities we are facing in our communities at the moment and the challenges we may face in the future. On the flip side, it may encourage all of us to think positively about how the post COVID-19 world will look. If you would like to have your say and participate in the survey details can be found at <https://un75.online/>

School Uniform Reminder

As the weather is still quite cold, we need to remind students about wearing the correct winter school uniform for the remainder of the term. Junior boys, please remember you are required to wear your **tie** every day. Jackets are available from Lowes at Castle Towers along with ties if you require them. The *School Uniform Code* specifies the types of acceptable jackets and jumpers for school wear, which does **NOT include jackets or jumpers with hoods!** The wearing of a 'hoodie' is likely to result in time spent in **detention**. The wearing of **leggings** or sporting apparel for girls is also **NOT** part of our school uniform. If you do wear leggings or sporting apparel to school you may be asked to go home and change. Tracksuit pants are also available from Lowes at Castle Towers. If you need to wear an item of clothing which is not school uniform, please see a Deputy before school, with a signed note from your parent/guardian explaining why you are out of uniform.

If you are a reluctant reader, perhaps it's time to 'listen to a book'. Audiobooks offer you an opportunity to nevertheless savour books. Listening, like reading, is an important skill. You will be rewarded with a boost in vocabulary, better concentration, empathy, insights, expression, clarity, knowledge and much more. Enjoy a book while you walk, cook, exercise, wash up, tidy your room, relax, on the bus or train, but if you become engrossed, remain alert to your environment.
